

2019 OSLC Milestones

(submitted from Board of Elders)

- Continue to grow MercyCare into a viable and present ministry for OSLC. Insure the mission is not to just give money to needy individuals, but to assist them with identifying the cause for the need, give them tools to remedy their situation, and share with them that through God, all things are possible. Most come to us as a last resort and are so beaten down that they have no hope. We need to show them that Jesus gives us hope. The other part is to follow up with them at some point after the assistance is given to evaluate their situation.
- Continue to develop and cultivate a vibrant Men's Ministry program to build spiritually strong men for their communities, families and OSLC.
- Focus resources on children and young family ministries for the community. Building faithful, young families make a strong, vibrant congregation and a church that is growing and alive.
- Find a Senior Pastor that keeps the traditions, identity and goals that has blessed OSLC.
- Build a stewardship program and spiritual opportunities that help OSLC members connect their pocketbooks with their faith to fulfill OSLC's staff and ministry needs.
